

IFCI's full file movement, approval and tracking solution

IFCI Limited, previously Industrial Finance Corporation of India, is an Indian government owned development bank to cater to the long-term finance needs of the industrial sector. It was the first Development Financial Institution established by the Indian government after independence.

Its contribution to the modernization of Indian Industry, export promotion, import substitution, entrepreneurship development, pollution control, energy conservation and generation of both direct and indirect employment is noteworthy.

IFCI Limited deals with a large number of documents which need to be processed by several different departments mostly within different offices. They needed a solution to track the file movement. Process time, approvals and adding additional information to file were core requirements for the system.

All this happens in a highly secured and protected environment.
