

Processing Cheques and Delivery Notes at the speed of light

Axiom Telecom is the largest retailer and distributor of mobile devices in whole of Middle East region. With 575 locations and over 2,000 employees, Axiom has presence across UAE, Saudi Arabia, Bahrain, Qatar, Oman, Kuwait, UK and India. Axiom Telecom is the authorized retailer and distributor for some of the world's most recognizable brands including Apple, Samsung, Blackberry, Nokia and Givori. Besides Sales and Service of mobile devices, Axiom Telecom also deals with various telecom operator plans in the countries it operates in.

The form processing solution comes with a template designer which will allowed Axiom Telecom to create a template for each type of document. The support for the creation of different types of zones like OCR (printed text), ICR (Hand Printed text), MICR, OMR (Check boxes), Barcode and Image (photographs and signatures) ensured maximum benefits for Axiom Telecom.

Powered by Abbyy Flexi Capture Technology

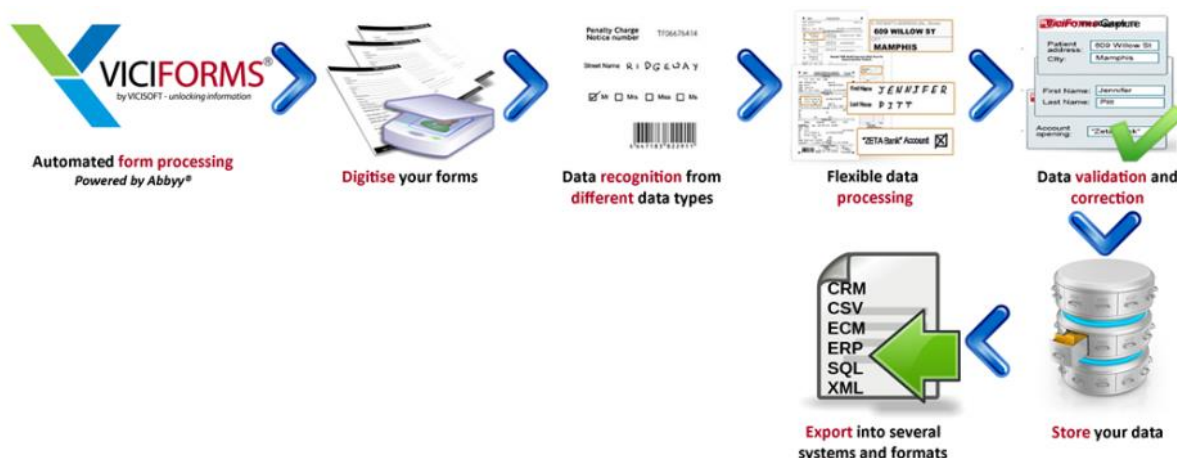

Business Needs/Issues:

- Over 200 cheques received everyday requiring manual data entry
- Around 150-200 Mover Orders/Delivery Notes to be processed daily
- Need to extract data from cheques into excel format for use by Accounts department
- Extraction of Move Order/Delivery Note data and provision of reports on missing orders (where acknowledgement is not received)
- Storage of scanned copies with options for quick Retrieval of Documents based on the data extracted from these documents

Benefits for Axiom Telecom:

- Ability to quickly design and map multiple templates
- Ability to process Multiple types of documents (cheques as well as Delivery Notes)
- Portability of extracted data to multiple formats
- Reduce manual data entry effort
- Better Data Accuracy
- Improve Turnaround time and quick RoI
- Direct integration into ViciDocs ECM to facilitate storage of documents and data. Powerful search enabled
